*To Whom It May Concern:*

*I am a patient of a naturopathic physician. I have always believed in and like the naturopathic medical approach and would like my ND, and other NDs, to have medication prescriptive authority consistent with their current training.*

*I do not enjoy bouncing back and forth between my ND and MD just to get a prescription. This is very inconvenient and more expensive for me & prescriptive authority would make life so much easier.*

*NDs are comprehensively trained to utilize prescriptive medications when necessary and other states have had prescriptive authority for years so why not here?*

*Once again, I ask you to support providing prescriptive authority to naturopathic physicians (NDs). Thank you."*
